20 May 1954

The Honorable Harold E. Stassen  
Director  
Foreign Operations Administration  
Washington 25, D. C.

My dear Mr. Stassen:

25X1A

In response to a suggestion from Mr. Dulles, [REDACTED] requested that I submit two slightly revised comments of the several given to you by Mr. Dulles at the NSC meeting this morning. The first relates to Senator McCarthy's reference in his speech of 19 May to Mr. Thorneycroft's statement, and the second essentially combines the two comments regarding the 193 vessels carrying cargoes to and from Communist China.

It will be appreciated if you replace the originals with these revisions.

Sincerely yours,

25X1A

[REDACTED]  
Otto E. Guthe  
Assistant Director
